Spring / Summer, Volume 24

## A Message From The FHHSAA President

Dear Alumni Association Members:

When spring arrived in Bay Ridge, I got to thinking about those studies that showed how subjects performed better on certain tests taken after a stroll through a park compared to those who walked through city streets. A Business Insider article entitled 11 Scientific Reasons You Should Spend More Time Outside, says that being in nature can help improve short-term memory, relieve stress, improve concentration and inspire creativity. Being immersed in nature had physical benefits as well.

The magnolia trees in front of the Fort were in bloom when I thought about those studies and wondered what effect our alma mater's beautiful surroundings had on our education and future success. Alumni returning to the school are always impressed with how unchanged it seems. Even the addition of classrooms on the front lawn did little to diminish it's original beauty.

Presently, the building is partly obscured by scaffolding for repair work and the track and field are undergoing major renovations. But this cosmetic surgery is a minor inconvenience. Once the bandages are removed, students will likely be begging their teachers to hold classes on the lawn as I remember we did soooooo many years ago.

I hope this summer offers you a chance to recharge your batteries, put the cell phones down, step away from the computers, the TVs and any other distractions and enjoy some time in nature, even if it's just a walk along Shore Road.

Regards,

*Valerie Hodgson '73*

June 2018

Dear Alumni:

I am proud and happy to share the following FHHS updates with you from the 2017-18 school year.

Members of the Class of 2018 were accepted into competitive colleges and universities and, to date, have amassed scholarship monies in excess of \$20,000,000. Our JROTC continues to bring honor and distinction to Fort Hamilton High School. They recently participated in the Army National Drill Competition in Louisville, Kentucky for the first time and earned 5<sup>th</sup> Place in the Inspection Competition (out of a total of 72 schools).

We recently hosted George Hornig, Class of 1972, as Principal-for-a-Day. Mr. Hornig visited classes, met with students, toured the school and agreed to participate in our Fort Shadowing Program. Fort Shadowing is a new initiative launched in Spring 2018 that provided 270 seniors with an opportunity to "shadow" an occupation/ business. Over 75 businesses in professions spanning the fields of medicine, finance, education, broadcasting, and more partnered with us to host seniors for a career experience. The program will continue in SY2018-19 as part of our efforts to expose students to career options and information.

Our PTA Fashion Show Fundraiser in April 2018 was a huge success, and all profits went towards scholarships for seniors. Our instrumental and vocal groups competed in the Music USA competition in Florida and received the following awards: 1<sup>st</sup> Place/Superior Rating for Concert Chorus, Jazz Band, Marching Band, Symphonic Band and Symphony Orchestra and Grand Champion/Grand Prize for Concert Chorus and Symphonic Band. Our spring production of West Side Story was exceptional, as were the Dance Concert and Spring Arts Concerts. The Joffrey Ballet Academy participated in a National Dance Festival and six students earned scholarships. The first year of our screened Drama Academy (Class of 2021) brought a new seriousness and energy to the dramatic performances this year and we look forward to a new group in Fall 2018.

Our facility is undergoing some external work. Field and track renovations are under-way and preparations are in place for roof and parapet work to begin. Despite the unavailability of our field and track, our sports programs have continued to thrive. Here are a few highlights: Boys Varsity Volleyball finished their season with an undefeated record and were City Champion finalists; Girls Varsity Softball finished the season with an 11-2 record and competed in the semi-finals; and Coed Varsity Golf finished their season with a successful 10-0 undefeated season and competed in the finals.

Our after-school clubs continue to do great work: over 120 seniors hosted the annual Reach-Out Senior Citizen Prom in April; our Multicultural Festival in May showcased our diversity and cultural spirit; and the LGBTQ Club raised funds for The Door, an organization that provides services for young people across New York City. This is a small sample of the ways our students make a difference.

We stand firm in our commitment to provide students a safe and secure environment that prepares them for college and career.

Respectfully,

*Kaye Houlihan*  
Principal

**Frank Carucci's** star is shining bright. Alumni were thrilled to see our former drama teacher up on the stage at the Tony Awards when La MaMa E.T.C. received the 2018 Regional Theatre Tony Award. Mr. Carucci is La MaMa's board president. He touched many lives at the Fort and tells us, "One of my special joys is that La MaMa Experimental Theatre Company always provided a home for public school students. When I was a teacher we had a number of students from FHHS who performed in shows I directed at La MaMa. They were some of my happiest times as a teacher. Also, La MaMa provided facilities for homeless students in the Alternative High Schools who had very limited opportunities."

You are invited to reach Frank directly at [facstar@gmail.com](mailto:facstar@gmail.com). He'd love to hear from his former students!

**Ruth Gustafson '64** sends greetings from Raleigh NC and invites all Tigers to the Scandinavian Christmas Fair there on December 1. She promises that this is an outstanding and memorable day-long event and she'd enjoy seeing you there. To connect with Ruth, email: [ruthgustafson@bellsouth.net](mailto:ruthgustafson@bellsouth.net). **William Tuccillo '68** was incorrectly referred to as Lou Tuccillo in a photo caption in our previous newsletter.

We apologize for the error and thank his sharp-eyed friend **Richard Adamski '68** for pointing that out.

**Sal DePasquale '69** shares this trip down Memory Lane as he looks forward to his class's 50th reunion next year: "It was winter 1969. A nor'easter was barreling down on New York City. Snowfalls exceeded 20 inches. It began falling on New York City on February 8 and continued blanketing the city through February 10. It was relentless and paralyzing. City services struggled to keep pace. Wide areas of the city remained inaccessible for weeks. It was a tumultuous experience that was something of a metaphor for the Fort Hamilton High School class of 1969 with the Vietnam War, the Civil Rights Movement, riots, protests, and conflicts between generations; all of which bore down upon the Class of 1969."

**Andrew Gounardes '03** is running for the New York State Senate. Andrew, his siblings and mother Diane (Frangos) '72 are proud alumni. Learn more about his campaign here: [andrewgounardes.com](http://andrewgounardes.com).

## SPOTLIGHT on ANTONIOS LIKOUREZOS '86

**Antonios Likourezos** was six years old when he moved to Brooklyn from Sparta, Greece. Numerous cousins led the way to Ft. Hamilton where Antonios excelled in his studies and where his participation in the Health Careers Program first exposed him to community service and led him on the path to a career in biomedical and sociomedical research. His brother **George Likourezos '88**, today a prominent patent attorney on Long Island, also attended the Fort.

After high school, Antonios continued his education earning a BA from Hunter College, an MA from Case Western Reserve University (on a full scholarship) and ultimately received his Master of Public Health degree from the Columbia University Mailman School of Public Health. He is now, and has been for the past 16 years, the research manager in the Department of Emergency Medicine at Maimonides Medical Center. In this position, Antonios helped start, shape, and oversee the Research Division and consults other departments on research methodology and biostatistics. He's published approximately 60 articles in peer-reviewed medical journals and has presented at national and international scientific and medical conferences. Some of the topics that he deals with include neurological disorders and pain management. Another noteworthy job responsibility is running the Research Volunteer Program where he's mentored over 300 students thus far. Just as FHHS teachers such as Ms. Capeci (biomedical sciences) and Mr. Golik (statistics) inspired Antonios, he'd like nothing more than to work with students from Ft. Hamilton through the Maimonides volunteer program and help them on their journeys in fields of medicine or public health.

Antonios still resides in Bay Ridge where he serves the community as an active member of the Holy Cross Greek Orthodox Church, Troop 715 Boy Scouts, and several Hellenic societies. He also coaches soccer and baseball for the 68 Precinct Youth Council. With his wife Eve, he is the proud father of future Tigers, Vasilios and Marina, as the school's tradition of excellence continues.
